TERTIARY PARKING MANAGEMENT WORKSHOP

Perth

28 and 29 October 2009

To the Managers, Parking and Sustainable Transport

The Parking Association of Australia (PAA) is hosting a workshop for those responsible for University/TAFE parking and sustainable transport to meet to discuss common issues. The workshop is endorsed by TEFMA.

Attached is the programme and a list of delegates registered to date. We are pleased to have representation from all states and from NZ. If you have parking or transport related issues, it would be worth your while to attend this workshop.

We have a broad range of well qualified speakers who will offer practical advice and many options for campuses. Case studies on how to reduce car use by car-pooling, and how to deal with short and long term contractors on site will illustrate some of the pitfalls and successes. The workshop format will allow you to raise your problem and have others, with an understanding of the industry, offer feasible solutions.

This is an excellent opportunity for the person responsible for parking and transport at your TAFE/Uni to learn from others. It not a commercial event, so there will be no pressure from sponsors or equipment sales people. The cost of only \$160 plus travel and accommodation is well below any other conference package.

The workshop will be held at:

**Curtin University GSB, City Campus, 78 Murray Street, Perth
on Wednesday and Thursday 28 and 29 October 2009**

What are the benefits for attendees?

- The issues discussed are specifically relevant to campus parking management.
- The contacts made will provide an ongoing network for references and exchange of views.
- The options and solutions that will be discussed will certainly assist you to provide better managed parking and transport facilities at your campuses. I look forward to meeting you in October.

Yours faithfully

Larry Schneider
President
Parking Association of Australia

The Workshop is supported by:

Wednesday 28 October 2009

- 8.30 Tea & Registration
- 9.00 Welcome and introductions – Michael Sutherland MLA Deputy Speaker and Member for Mount Lawley
- 9.30 **Exchange of data from surveys** – Anthony Fletcher, UQ
- 10.30 Tea
- 11.00 Keynote speakers
- Prof. Peter Newman **“The Role of Parking and Transport Access in Sustainability Planning on Campus”**
Peter Newman, Professor of Sustainability at Curtin University, is on the Board of Infrastructure Australia that is funding infrastructure for the long term sustainability of Australian cities.
- Andrew Simpson **“Future Parking Planning to Accommodate New Vehicle Technologies”**
Dr Andrew Simpson specialises in technology and policy for clean vehicles and energy systems and co-founded the University’s Sustainable Energy Research Group
- 12.30 Lunch
- 2.00 Case Study 1: **Car Pooling** – Helen Moustacas, UNSW
- 2.30 Case Study 2: **Managing Contractor Parking** – John Hayes, ECU
- 3.00 Tea
- 3.30 Guest Speaker – George Brown, DPI **“State Government Perspective on Access & Parking Management”**
Two case studies from West Australia. State Government via various agencies such as Main Roads, Public Transport Authority and agencies like the Department for Planning and the Department of Transport are responsible for service delivery, infrastructure and land use policy. It would be useful for those from the education sector to understand campus access from a State Government perspective. It is proposed to use two case studies draw from real life to demonstrate the issues that the State, rather than the educational institution, has to deal with.
- 4.15 Debate: **“Campus Parking – A service or business”** – Larry Schneider, PAA; Graham Arndt, Curtin;
- 5.00 Ends
- 5.15 Bus available to UWA Club
- 6.00 *Pre Dinner Drinks at UWA Club*
- 7.00 *Dinner at UWA Club*

Thursday 29 October 2009

- 8.30 Tea
- 9.00 Guest Speaker – George Sheldon, Architect **“Designing and Refurbishing Campus Car Parks to Reduce their Carbon Footprint”**
- 9:45 Case Study 3: **Active Transport Initiatives** – Alex Chryss, ANU
- 10.30 Tea
- 11.00 Case Study 4: – **“To drive or not to drive? Experience with campus-based demand management”**
 Ian Ker, Transport Planner
- 11:45 Case Study 5: **Revenue Control and Audit** – Wendy Hamill, Luxmoore Parking Consulting
- 12.30 Lunch
- 2.00 **Parking and Access Issues at Rural, Suburban and City Campuses**
- 3.30 Tea
- 4.00 Guest Speaker – Pat Abernethy, CPP **“Functionality and Support for Ticket and Permit Technology”**
- 4.45 Feedback and follow up
- 5.00 Ends

For those who are interested a Golf Competition will be held on Friday morning at the private Cottesloe Golf Club. Please advise if you wish to play.

In order to assist the organisation for the workshop, we would be grateful if you could complete and return the attached Registration Form to Caroline Nicholson at caroline.nicholson@arrb.com.au or alternatively by post to Parking Association Registrations, PO Box 512, Leederville, WA 6007. Please note that attendance numbers are strictly limited.

A Parking Survey Form is also attached. We would be grateful if you could complete it and return it to the above address, regardless of whether you will be attending the workshop. The data will be collated and analysed by the University of Queensland and provided to all survey participants.
