Finalists Announced in 2018 National Parking Awards

Parking Australia has today announced the finalists for the Parking Industry Awards, which are to be held during the Parking Australia Convention & Exhibition (PACE) on 1 November 2018 at The Star Gold Coast.

The prestigious Parking Industry Awards celebrates the achievements of individuals, teams and organisations for excellence, outstanding facilities and innovation throughout the parking sector.

The Awards aim to highlight the industry's commitment to raising the standards through showcasing best practice and rewarding exceptional contributions to the parking industry.

With record submissions received this year, the Parking Industry Awards has shortlisted thirty-five finalists from around the country for excellence across seven categories:

- Outstanding new car park development
- Outstanding customer service
- Excellence in technology and innovation - on street
- Excellence in technology and innovation - off street
- Outstanding marketing and communications
- Parking organisation of the year
- Parking young achiever

President of Parking Australia, Sharon Prior, believes the standard of entries this year has been exceptionally high, as Australian businesses working in the parking industry continue to pursue parking excellence and lead the region.

"Being announced as a finalist is a true achievement, particularly considering quality of submissions received. The calibre of entries demonstrates the leadership and commitment of the industry to innovate and provide the best possible parking experience. We congratulate and commend the 2018 finalists and acknowledge their achievements," said Ms Prior.

[The full list of finalists can be found here.](#) The winners will be announced at the awards dinner event on 1 November 2018.
