**PARKING INSIDER**

**Message from the CEO - Stuart Norman**

In recent weeks I've read how travel times on key roads in a number of our capital cities are increasing. For those of you who sit in traffic to and from work, it will come as no surprise. In a study commissioned by the Australian Automobile Association (AAA), with GPS data from tens of thousands of cars across Australia, it was reported that the average speed during the morning and evening peak fell in all major capital cities.
