Now in its second year, the prestigious Parking Industry Awards celebrates the achievements of individuals, teams and organisations for excellence, outstanding facilities and innovation throughout the parking sector. The Parking Industry Awards has shortlisted twenty-three finalists from around the country for excellence across seven categories:

- Outstanding new car park development
- Excellence in car park refurbishment
- Outstanding use of on street and public space
- Excellence in technology and innovation
- Individual parking excellence
- Outstanding marketing and communications
- Parking organisation of the year

This year we have seen a number of high calibre entries, which were judged by a panel of twelve international and national leaders working in the parking industry.

Lorraine Duffy, Chief Executive at Parking Australia, believes the standard of entries this year has been exceptionally high, as Australian businesses working in the parking industry continue to pursue parking excellence and lead the region.

"Last year we saw a number of organisations go above and beyond in advancing the reputation of the parking industry, through parking best practice and innovations. This year, the entries have once again raised the bar and demonstrated exceptionally high standards and strong commitment towards excellence in the control and management of parking facilities. We congratulate and commend the 2016 finalists and their achievements," said Duffy.
